

# POSTILLION HOTEL WTC ROTTERDAM

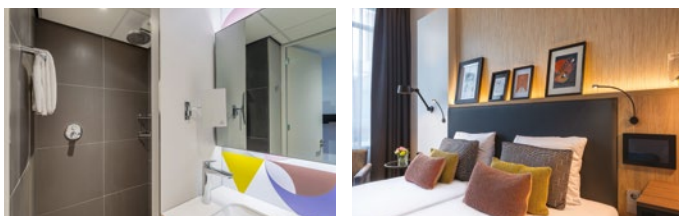

## THERE'S A NEW ICON IN TOWN

Alongside meetings, conferences, events and trade fairs, from April you will now be able to enjoy an overnight stay at WTC Rotterdam. We have expanded Postillion Convention Centre WTC to include **168 hotel rooms**. This means our guests can spend the night with the Coolsingel at their feet.

### THE PERFECT LOCATION

- > The hotel is on the Meent, right in the heart of Rotterdam.
- > Public transport (metro, tram and bus) is within walking distance.
- > 15 minutes by taxi from Rotterdam Airport, a 45-minute drive from Schiphol Airport and Amsterdam Central Station is 40 minutes away via the Intercity direct.
- > Park your car in the garage next to the hotel.

### THE HOTELROOMS

Our 4-star hotel rooms with full-length windows have an industrial look combined with warm colours. The rooms not only offer a good night's sleep, but also an ideal place to work. You can add the finishing touches to that important presentation from the comfort of your own room.

## ROLL OUT OF BED AND STRAIGHT INTO YOUR MEETING

During the construction of the hotel room, we have also completely renovated our Convention Centre. We are once again ready for inspiring conferences, events and trade fairs. You can also contact us to arrange smaller group meetings. Looking for a location for a hybrid event? We have created a full-equipped studio for online meetings. This way you can make an impression both on- and offline.
